Permits are valid in designated permit lots Monday-Friday 7 AM-4 PM and overnight in Lots: P, S, T, V

Parking in these lots will require a permit when parking during posted permit times. The overnight parking availability shall not be used for storage of vehicles; individuals coming and going from their vehicles should be aware of any signage notifications that the lot would be closed for activities or events to reduce towing; and in winter months move vehicles daily so snow plows can cover parked areas previously missed.

Lot E: The "Permit Parking Allowed Monday-Friday 8 AM-6 PM" signs are posted on designated spaces around the perimeter. The purpose of Monday-Friday is for overflow parking. Parking by permit is not allowed at these meters on Saturdays. Overnight parking is NOT allowed.
